

What Do You Mean "AFFORD"?

By GEORGE ADE

We come to another big task. This time we need not call for helpers. The volunteer workers stream in myriad hosts along the main highway leading to victory and vindication.

All patriots, by confession. The grumblers are awed into silence. If the taint of disloyalty remains anywhere it is hidden as a shameful secret. The heads are wagging and we hear many bold assurances:

"I'll do all I can."

"I'll go as far as the next fellow."

"I'll take all I can afford to take."

We are speaking of course of the Fourth Liberty Loan and the willingness of the war-backers to subscribe.

This time we do not explain a Liberty Loan and how it works, or why we battle with Germany or that a war costs money. It will just about require a search warrant to find a man who does not say that he will take all of the bonds he can "afford" to take.

But, O my countrymen, we need night schools and correspondence schools, private tutors and Chautauques and special information bureaus to enlighten Mr. A. and Mr. B. and Mr. C. as to the real meaning of the word "afford."

Are you penciling around to find out how much money you can set aside without the slightest inconvenience to any of your pet private projects?

Are you trying to decide how many bonds you will have to take in order to escape the charge of being a slacker?

Hurry to the bank and break through the line and order so many Liberty Bonds that the man inside will be dazed and all of the neighbors surprised and all of your relatives proud.

Buy Liberty Bonds—Wholesale, Not Retail

"The Army and Navy will dig the Huns' grave, but We must furnish the Spade"

By REV. WILLIAM A. SUNDAY

—Billy Sunday

Uncle Sam's Liberty war chest needs filling again!

We have the cash to fill it as many times as he lifts the lid.

There are only two horns to this dilemma—you are either a patriot or a traitor.

The men on the firing line and on the battleships have turned from business, home, mother, wife, children, and they stand ready to give their lives and shield with their bodies us who remain at home.

We are unworthy to be thus protected, if we do not do our utmost to sustain them.

We must be one in our determination to win this war. We are traitors to the cause for which they are giving their lives, if we do things here that make their efforts harder.

Life is not worth living unless there is something to live for. Life would not be worth living if that bunch of Heinies should win.

That is why they cannot win. That is why we cannot lose.

What a mountain of crime God has on his books against that horde of Hellish Huns. What grave is deep enough for this thousand-armed, thousand-footed, thousand-headed, thousand-horned, thousand-fanged pirate of the air, assassin of the seas, despoiler of the earth and ambassador of Hell!

We will never stop until Germany dips her dirty blood-stained rag to the Stars and Stripes.

It's a whale of a job we've tackled, but we can and must put it over.

But you must help.

Don't whine. Don't knock. You can't saw wood with a hammer. Don't turn the hose on the fire; add fuel.

Buy Bonds! Buy Bonds! Buy Bonds!

E. B. TERRY

Are you getting ready to answer in hundreds a country that has endowed you with thousands?

As you squint your eyes and try to decide upon the sum which will fairly represent your individual quota, are you acting as attorney for the United States of America or have you gone in for technicalities in order to protect special interests?

In reasoning with your conscience, are you trying to be generous or trying to play safe?

It is up to you.

The buck cannot be passed.

It is for each man to decide whether he is going to be a thoroughbred or a squeezer of 50-cent pieces.

For the sake of your own self-respect, come through to the limit. If you live to be a thousand years old you never will have another chance to start your iron dollars upon such a noble mission.

Do you wish to deepen the wrinkles upon the brows in Potsdam?

Would you fortify the courage of every soldier in France?

Shall we set in such a stack that the Kaiser can't see over the top of it?

All right! You are appointed a Special Agent.

Don't wait for a committee to hunt you up or run you down.

The Flavor Lasts

Lower Bills For Fuel

UNLESS your Range is a Cole's Down Draft Range it is most assuredly wasting one-quarter to one-half of its fuel up the chimney as unburned fuel gases.

(See Diagram at bottom of ad)

You Cannot Afford This Waste!

Buy a

COLE'S DOWN DRAFT RANGE

and you get a range backed by a guarantee for positive fuel saving. A range that burns all the burnable material in your fuel—(wasting nothing).

This is a range built and perfected by experts. It is the one range that will give you the constant smooth running baking and cooking results you have always wanted.

Copper alloy iron is used on parts subject to rust, and malleable iron on parts subject to breakage.

The oven is double seamed and air-tight; also having the corrugated oven construction giving rigidity. These are features found on no other medium priced range. This is a range built for honest, lasting service.

This portion of your fuel is wasted up the chimney as unburned fuel gases when using any bottom draft range.

Come in now and buy your range and become a fuel saver.

W. E. McNair
